

About NPTEL:

ELearning-is learning, utilizing electronic technologies to access educational curriculum outside of a traditional classroom. It can be a course, program or degree delivered completely online.

National Programme for Technology Enhanced Learning is a joint initiative from IITs and IISc to offer online courses and certification in various topics. Learn for free, Pay a small fee to write an exam and get a certificate.

Our college **SHRIMATHI DEVKUNVAR NANALAL BHATT VAISHNAV COLLEGE FOR WOMEN** has been established as a **NPTEL LOCAL CHAPTER** in the month of December 2017.

The students are encouraged to enrol in e-learning and are motivated by giving the orientation of the courses according to their discipline, provided with sufficient infra structure to view the online video lectures in the campus itself. The SPOC elaborates the courses offered by the NPTEL every semester to the students and staff.

By the **active participation** in the semester of Jan-April 2018, our college has been an “**Active**” in the Local Chapter and is displayed in the NPTEL link.

Semester	Students enrolled	Students registered for exam	Students cleared	Elite (60-85%)
Jan-April	800	51	41	15
June-October	1200	141	100	27

- The student earns Additional credits in their curriculum after completing their exams.
- To incorporate e-learning in the curriculum of PG, students are encouraged to take up online MOOC course as soft skill.
